

Despite back-to-school looking a little different this year, kids are still outgrowing their clothes and shoes! [The Clothesline for Arlington Kids](#) is ready to help low-income families keep their kids warm - free of charge. This fall and winter, we expect to provide assistance to over 500 kids. **One grateful client let us know, "Because of the pandemic, we need money for rent and food...Now, I do not have to buy clothes anymore."**

However, **we need your support** to make this happen! There are many ways you can help:

- **Donate Funds:** Your monetary donation helps purchase new underwear and socks as well as cover the regular expenses of our volunteer-run non-profit. Importantly, a recurring donation helps us to plan for future growth in services. [Click here](#) to support [The Clothesline](#).
- **Donate Clothing:** Your kids' new or used clothes in excellent condition can find a new home with a neighborhood family in need. New criteria and new drop-off locations can be found in this [flyer](#).
- **Shop our Target Wish List:** We have a wish list with Target for some of the regular items that we give away new - as well as items that are often in short supply. Purchase high need items [here](#).
- **Support us through Amazon Smiles:** Add us to your Amazon Smiles shopping account and support us with every purchase you make on Amazon. Select "[The Clothesline for Arlington Kids](#)" at smile.amazon.com.

Help our neighborhood kids stay warm this fall while giving their families much need support as they face uncertain times. We continue to see an increase in demand for services this fall.

Thanks!

Ellen and Ben
